Road Update

Last fall in October Brian Thompson graded our roads. This spring Mud Season was the worst I have ever seen it. The Laconia Sun had on the front page of their newspaper "Mud Season NASTY". As a result, the section of our road from just beyond Acadia's entrance to our association sign had huge ruts and was nearly impassable. During this time Town of Moultonborough's road agent had a ban on heavy equipment vehicles traveling on any private roads. I got a call from Lindsey Anderson telling me that Meals On Wheels refused to deliver to him because of the condition of the road. I asked Lindsey to call the Town's road agent and tell him that Meals On Wheels would not deliver to him and that he was also concerned that emergency vehicles would not respond. Lindsey called the road agent got a special exemption to allow Brian Thompson to come in with a smaller truck and apply 18 yards of 1.5" cultured stone and rake this section of the road. After the roads dried, Brian was able to grade sections of our roads that needed treatment. He will continue to grade as necessary. Lastly, Dave Thompson cleared the leaves on our road sides and cleared the sand from the paved sections.
